Dear Maho Niwa,

I would sincerely appreciate your participation on Radiation Safety Committee (RSC). The RSC advises the Chancellor of University California San Diego through the Vice Chancellor of Resource Management & Planning regarding all matters related to radiation safety and recommends such policies and procedures as it may deem appropriate to ensure an adequate radiation safety program.

This year's committee will be chaired by Professor David Hall, Medical Center RSC. The primary contact will be Jeff Wagner, Radiation Safety Officer. For a full roster of committee members, please see page 2.

Sincerely,
